Bilateral Meetings

- (2 p.m - 5 p.m.)

Description

We specialize in the production of metal products made from structural steel, stainless steel, aluminum. Our workshop is certified PN-EN 1090 class EXC3 and PN-EN ISO 3834-2. The experience gained during many years of work in the metal industry pays off the high quality of our products and services. Currently we cooperate with customers in the Polish and Europe market.
