Bilateral Meetings

- (2 p.m - 5 p.m.)

Description

Swedish start up company is looking mainly for manufacturing a wooden interior design product. Ideally the partner could be handicraft ateljé, a small carpentry or company specialized in wooden design products. The company have intention in the future of selling other similar “joy bringing products” that complete the same product segment and bring surprises and happiness.

Organization Type

Producer, Distributor

Country

Sweden

City

Sundsvall, Baldersvägen 19b [Google map](#)

Areas of Activities

Wood processing and furniture production

Business request

Manufacturing of interior design product

Want a partner that can manufacture and also help with some input on the design of the first prototype of the product. The first product comes in a shape of Christmas tree. You use it as Advent calender helping countdown the days until Christmas. You personalize the product with Christmas presents in giftbags that hangs on the calender.
