Description

Dolux-M is a company with a 25-year-old family tradition, producing wooden furniture. The factory employs about 80 people, has 4 production halls, own drying rooms and a warehouse for finished products. Materials used in Dolux-M products come exclusively from certified suppliers (Forest Stewardship Council). The company comprehensively cares for pro-ecological solutions, adapting production methods to them. It utilizes all safe waste, converts it into renewable energy, and also independently plants forests in their area. 98% of Dolux-M's production is exported to EU countries. Own brands: Garden furniture: Siesta Garden and Malu Wall shelves and interior decorations: Siesta Home www.siestagarden.com
