Bilateral Meetings

- (2 p.m - 5 p.m.)

Description

We are the green roofs manufacturer and plantator. Our top product: 'Planteo Modular' is a ready-made, grown sedum unit which leads to building modular green roofs. In addition, we also specialize in distribution of EPDM and TPO membranes (from Firestone). Our clients receive advice on what details should be applied on their roof - both greenery details and EPDM/TPO details.

Organization Type

Producer, Distributor

Organization Size

1-10
